MR. EDITOR :- This is one of the most thriving towns in our county, and as a business point, it is equal to almost any of them outside of the county seat. We have nearly one thousand inhabitants, and every variety of water privilege which a grow-

ing town can desire. Garrettsville has three dry goods stores, two hardware stores, and two stores for stoves and tinware. During this season there has been erected a large number of new dweling houses, and also a new block three stories high, and containing four stores, with various occupancies upon the second and third flours. This wooden structure is the largest in this part of the county, and makes a fine addition to the appearance of the town.

Last Saturday evening, Oct. 3d, a large and enthusiastic meeting of Democrats was addressed by Mr. W. B. Thomas, who held the audience spell-bound for nearly two hours .-He enunciated the political issues of the day, clearly and ably showing the fallacies of the Republican doctrines. Having this day purchased of C. H. Mills his Marble Works 2 doors north of the First National Bank, I am now better prepared than ever before to furnish those in want of Monuments, Headstones, &c., of all descriptions at as low rates for the same material and workmanship as can be bought in northern Ohio. I would advise all in want of Marble not to buy of Agents. You can save 15 per cent by coming to the shop and selecting what you want.—Having had a long experience in the business and being a practical workman myself I will make it to your interest to give me a call before purchasing elsewhere.
